PERSONAL PROFILE

Aspiring IT professional with a strong Computer Science background and practical experience in software development, database design, troubleshooting, and technical problem-solving gained through university and personal projects. Experienced in developing web applications, Android applications, and database systems using modern development tools and technologies. A quick learner with strong analytical, communication, and problem-solving skills, committed to delivering effective technical support and resolving issues efficiently. Seeking an opportunity in IT Support, Service Desk, Application Support, or another graduate IT role where I can contribute to a team, continue developing my technical skills, and build a successful career in IT.

PROFESSIONAL EXPERIENCE

Assistant IT Technician

Colwyn Technologies (formerly Gaya Technologies), Feltham Community College

July 2021 – August 2021 | August 2022 – September 2022

- Provided first-line IT support to staff and teachers across the college.
- Configured, deployed, and imaged Windows desktops and laptops.
- Installed, configured, and updated Windows operating systems and software.
- Reset user passwords and managed user accounts.
- Diagnosed and resolved hardware, software, printer, and basic network issues.
- Supported Microsoft Office 365 and assisted users with technical queries.
- Replaced computer hardware components and prepared devices for deployment.
- Maintained IT equipment inventory and assisted with asset management.
- Performed cable management and workstation setup.
- Delivered friendly and professional technical support while working effectively within the IT team.

EDUCATION

Staffordshire University

BSc (Hons) Computer Science

Course Completed – Final Results Pending (2026)

BTEC Level 3 Diploma

Information and Communications Technology (ICT)

UNIVERSITY PROJECTS & ACHIEVEMENTS

BRU Pet Shop Web Application

- Developed a full-stack e-commerce web application using Laravel, PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented secure user authentication, shopping cart functionality, product management, voucher systems, and database integration.
- Applied database design, CRUD operations, session management, and responsive web development principles.

Mobile Application Development

- Developed an Android application using Java and Room Database.
- Integrated GPS and geolocation functionality to capture and store location data.
- Tested and refined application features to improve reliability, functionality, and usability.

Database Systems Project

- Designed and implemented a relational database system using SQL and ER modelling techniques.
- Developed SQL queries to retrieve, manage, and manipulate data efficiently.
- Applied database design principles to create a structured and scalable database solution.

Digital Forensics Project

- Produced a Standard Operating Procedure (SOP) for the forensic examination of hard drives.
- Documented evidence preservation, forensic imaging, chain of custody, forensic analysis, and reporting procedures.
- Demonstrated strong technical documentation, analytical thinking, and attention to detail.

Programming Practices

- Developed Java applications demonstrating object-oriented programming, concurrency, and multithreading concepts.
- Applied software development best practices to create structured, maintainable, and reliable code.

TECHNICAL SKILLS

Programming Languages • Java • PHP • SQL • JavaScript • HTML • CSS Tools & Technologies • Git • Laravel • WordPress • MySQL • Android Studio	Web Development • Responsive Web Design • Front-End Web Development • User Authentication Systems • Content Management Systems • Website Testing & Debugging Mobile Development • Java Android Development • Room Database • GPS and Geolocation Integration
--	--

Database Technologies • Relational Databases • Database Design • ER Modelling • SQL Query Development	Operating Systems & Productivity Tools • Windows 10/11 • Microsoft 365 • Microsoft Office (Word, Excel, PowerPoint) • Hardware & Software Troubleshooting
--	--

ADDITIONAL EMPLOYMENT

Housekeeping Assistant
ABM Catering Ltd (Holiday Inn)
October 2024 – September 2025

Production Operative
ARL Services UK Ltd
December 2022 – January 2023
